

School Street Operation

A **School Street** is a road outside a school where there are temporary restrictions on vehicular traffic at school drop-off and pick-up times. This creates a safe environment for children, parents and residents to walk, scoot or cycle during these times.

The proposed works outside Glór na Mara school will improve traffic calming at all times, and will create a renewed public realm/school street during school times.

Proposed times for closure of the School Street to traffic
