Draft Waterford City and County Development Plan 2022 - 2028

Observations:

Appendix 7: Renewable Energy Strategy

Caibidil: Volume 3: Appendices » Appendix 7: Renewable Energy Strategy

Page 199 of Climate Action , Biodiversity and Environment lists the Comeragh Mountains as a Special Area of Conservation, however it is confusing as to why the entirety of the Comeraghs is not included in this.

An industrial sized wind farm consisting of 11 turbines 185metres in height has been proposed for the Coumnaappul, Carrigbrack, Knockavannia area of the Comeraghs. I am requesting that the entire Comeraghs should be classified as a Special Area of Conservation in order to prevent this unspoiled area from being destroyed and to allow the Council to fulfill their objective as stated in chapter 9 pg 189

"We will protect , manage and enhance the natural heritage, biodiversity, landscape and environment of Waterford City and County"
