

Uimhir Thagarta Uathúil: WFD-C2-262

Údar: Alice Sweeney

Stádas: Submitted

Submission: Comeragh Mountains Sensitivity Rating

Comhairliúchán:

Draft Waterford City and County Development Plan 2022 - 2028

Observations:

Appendix 8: Landscape and Seascape Character Assessment, Scenic Routes and Protected Views

Caibidil: Volume 3: Appendices » Appendix 8: Landscape and Seascape Character Assessment

It is noted from the Landscape Sensitivity Map that the majority of the Comeragh Mountains is classified as 'most sensitive'. An industrial sized wind farm is proposed for the Coumragappul, Carrigbrack, Knockavannia areas of the Comeraghs. It is imperative that the entire Comeragh Mountain range is included as 'most sensitive'.

The Council's objectives, as can be seen in Chapter 10 state

"To protect our sensitive landscapes and seascapes which contribute to the distinctiveness of Waterford as a place and its people"

The Council must fulfill its objectives and protect this unspoiled area of the Comeragh Mountains.

Alice Sweeney
